June 6, 2024

Dear Senator Shope and Representative Gress:

We have received letters from each of you requesting that my office investigate whether there were violations of the law committed due to the financial and political relationship of Gov. Hobbs and Sunshine Residential Homes.

We also were contacted yesterday by the Arizona Auditor General asking that the Maricopa County Attorney's Office serve as the prosecution office that will work with them while they conduct an investigation into this matter.

My chief deputy is scheduling a meeting between the Auditor General's staff members who will conduct the investigation and assigned staff from my office.

We will keep you both apprised to the degree possible as we take next steps in this matter.

Please feel free to contact me with any questions.

Sincerely,

Rachel H. Mitchell
Maricopa County Attorney
